

OUR NEW NEIGHBOURS – COLOURFUL FERENCVÁROS

Are you a foreigner living in the 9th district of Budapest? Do you run a store or a restaurant in the district or do you work in one? Are you an employee in a local company, study or teach at a school or course nearby, or maybe this is where your favourite bar is? If so, then we are looking for you. Please get in touch with us/ please allow us to get in touch with you! We launched a project **OUR NEW NEIGHBOURS – COLOURFUL FERENCVÁROS** and would like to get to know you as a member of the 9th district community. We firmly believe that the more colourful a community is, the more it can give to its members – if there is mutual support and understanding.

The **Ferencváros Community Foundation (FKA)**, a non-governmental organisation focusing on fundraising, grant-giving and community development programmes in the 9th district – launched a new project in the beginning of June under the title **OUR NEW NEIGHBOURS – COLOURFUL FERENCVÁROS**. Our goal is **to get to know people who moved to Hungary from another country and settled down in the 9th district and interview about their experiences here**, as well as the locations, organisations and programmes in the 9th, which are important for them. Our goal with these conversations is to offer the opportunity to “our new neighbours” to get involved in our work for the community. Our dream is to make new friendships and see foreigners living in the 9th as supporters or grantees, colleagues or volunteers of our foundation.

If you or someone else you know is interested in our work, then please do not hesitate to get in touch with us! All the contacts and interviews are anonymous and interviewees decide about the level of involvement in our project.

If you would like to know more about what we do at the Ferencváros Community Foundation, then please visit our website at ferencvarosi.kozossejalapitvany.hu. To find out more about our project and the interviews and to apply to participate in the project, please send an e-mail to ournewneighbors@gmail.com.
